Introduction

Since the Newcomer Services Branch first published this booklet, it has proved to be a valuable resource guide to teachers, administrators and others working in the field of immigrant services.

The classes listed are those with which the Branch has had contact during the 1979-80 school year.

While we have tried to ensure the accuracy of these listings, there may be a need for additions, corrections and deletions. If you have any comments or further information on the contents of this booklet, please send them to:
